September 2018

On behalf of the Town of Mammoth Lakes, whether you are a visitor, a local, or a business owner, I personally would like to welcome you to our Town! We are a town that co-exists with one of the world's greatest natural environments, where we connect visitors and locals with a lifetime of memorable experiences.

Mammoth Lakes is surrounded by acres of forest, is bordered by the Ansel Adams and John Muir Wilderness areas, and is adjacent to the Devil's Postpile National Monument and the eastern entrance of Yosemite National Park. Our collective diversity allows us to maintain and improve the quality of life that so many individuals come to Mammoth Lakes to enjoy.

Mammoth Lakes is looking forward and we are excited about recent accomplishments as well as plans for the future. Last summer we completed a new Police Station and recently finished the Main Street sidewalk project, creating a safe route for pedestrians to the Village. We are planning for additional development and improvements in the upcoming years, with plans for new sidewalks, improved trails, and other enhancements to server our community. The Town recently purchased the 25 acre Shady Rest parcel (The Parcel) and will be working to determine how best to develop the site with affordable housing. Additionally, we are working to improve our downtown district to be more inviting and pedestrian friendly for both residents and visitors alike.

To understand and learn more about the Town's vision, accomplishments, projects, and goals, please take the time to read our Town Council Strategic Alignment and Priorities and other information which is located on our town website: www.townofmammothlakes.ca.gov.

I trust you have already experienced the greatness of what Mammoth Lakes and our surrounding area has to offer. As the founder of Mammoth Mountain Ski Area Dave McCoy has stated many times, get outside and have FUN!

Sincerely,

V. Cleland Hoff

V. Cleland Hoff
Mayor, Town of Mammoth Lakes
