Dear Mammoth Lakes Recreation Enthusiasts,

I hope this note finds you healthy and well during these challenging times. It has been a difficult period for everyone, however, on the positive side, it is great to see so many of you enjoying the 'Quarantivity of the Day', Social Distancing Easter Egg Hunt, or getting outside now that Spring has arrived. We know we can count on you to recreate responsibly and respect the safety closures that are necessary at this time. Thank you for your understanding and cooperation.

The indiscriminate spread of the coronavirus is distressing for us all, as are the dramatic impacts to our quality of life in the Eastern Sierra. We are definitely operating in uncharted territory. Parks and Recreation continues to work closely with Mono County Health Department to ensure we are receiving credible information and are following all federal, state and local health guidelines in the fight against COVID-19.

Out of an abundance of caution, we have made the difficult decision to suspend all summer programming, including camps, lessons, leagues and tournaments, indefinitely. The health and well-being of our community is our top priority, and in the current situation, we feel we are unable to ensure your safety. The restriction on group gatherings and social distancing requirements that are critical in preventing the transmission of COVID-19 cannot be maintained in the course of our traditional summer operations.

We appreciate your support and understanding as we endeavor to adapt to this new reality. We know that many of you enjoy and rely on our Signature Summer Camps. We want to assure you that staff are working hard to produce programming alternatives, such as virtual summer camps and scavenger hunts. The situation is also very dynamic. With any changes in local or state government recommendations, we will reevaluate our decisions and respond accordingly.

We encourage you to visit our website (www.mammothparksandrec.com) or the Mammoth Parks N. Rec Facebook page for updates, activities and to stay connected. Please feel free to contact us with any questions or concerns you may have. Any ideas or feedback regarding programming options are also very welcome.

Stay healthy and safe, and we hope to see you all very soon!

A handwritten signature in black ink that reads "Stuart Brown". The signature is fluid and cursive, with the first name being more prominent.

Stuart Brown

Parks and Recreation Director
