Record Snowpack and Warmer Temperatures Present Dangerous Ice Conditions

- Mono County Officials are urging residents and visitors to research local conditions, and exercise extreme caution when recreating outdoors as record snowpack coupled with rising temperatures have created hazardous and fragile ice conditions throughout the Eastern Sierra.
- "We recognize the desire to get out and enjoy the beautiful outdoors as the weather has improved, but the extreme weather conditions we've experienced recently have resulted in dangerous conditions on local rivers, streams, and lakes," said Chris Mokracek, Director of the Mono County Office of Emergency Management.

- Residents and visitors are advised to avoid ice fishing and urged to exercise extreme caution when recreating on Mono County's waterways.

Sierra Classic Theatre Presents “Good People” by David Lindsay-Abaire at the Edison Theatre

- Welcome to Southie, a Boston neighborhood where a night on the town means a few rounds of bingo, where this month's paycheck covers last month's bills, and where Margie Walsh has just been let go from yet another crappy job. Facing eviction and scrambling to catch a break, Margie thinks an old fling whose made it out of Southie might be her ticket to a fresh new start. But is this apparently self-made man secure enough to face his humble beginnings? Margie is about to risk what little she has left to find out. With his signature humorous glow, Lindsay-Abaire explores the struggles, shifting loyalties and unshakeable hopes that come with having next to nothing in America.
- “Good People” will run from April 27 – May 7, 2023 at the Edison Theatre.
