Message of Support to our Los Angeles Neighbors and How You can Help!

- The entire community of Mammoth Lakes is sending love and deepest sympathies to our Los Angeles neighbors impacted by the devastating wildfires.
- Two years ago, our small-town experienced record-setting snowfall that produced multiple escalating incidents which led to the proclamation of a local emergency. First Responders from Southern California responded immediately and traveled hundreds of miles to our community in our time of dire need.
- We are proud to return that support now with over 40 firefighters from our region joining the hundreds of first responders from around the State lining up to fight these catastrophic fires.
