##### **Take Pride In Your Neighborhood - Town Clean-Up Day May 17**

Take pride in your neighborhood and volunteer to help clean-up our town on Saturday, May 17, 2014.

Complimentary orange trash bags are now available! Pick up your bags (max. 5/person) from the Town Offices located above Giovanni's in the Minaret Village Mall or at the Mammoth Disposal Transfer Station (59 Commerce Drive) in the Industrial Park. Town offices are open from 8:00 a.m. to 12:00 p.m. and from 1:00 – 5:00 p.m. Monday to Thursday. The Mammoth Disposal Transfer Station is open 7-days a week from 6:30 a.m. to 9:00 p.m.

"Thanks to the community last year, approximately 53 tons of litter, green waste, and household hazardous waste items were collected by Mammoth Disposal making for safer (defensible space) and cleaner neighborhoods," stated Town Clean-Up Day Coordinator Peter Roman. "With the return of the orange bags and support from the entire community, this year we're shooting for 60 tons!"

On Saturday, May 17, beginning at 8:00 a.m., drop off your trash, recycling, and green waste at the TOWN CLEAN-UP DAY STATIONS conveniently located throughout town. Stations are located at the Mammoth High School Parking Lot (365 Sierra Park Rd.), the Community Center (1000 Forest Trail), Sierra Valley Sites (407 Manzanita), Canyon Lodge parking lot, and the Mammoth Disposal Transfer Station (59 Commerce Dr.).

**DELIVER TO TOWN CLEAN-UP DAY STATIONS:**

- LARGE BULKY ITEMS: Furniture, appliances, old tires, mattresses, etc.
- METAL OBJECTS: Appliances, large metal objects, snow-stakes, metal waste, etc.
- RECYCLABLE MATERIALS: Plastic, glass, etc.
- YARD WASTE: Pine cones, needles, grass clippings, leaf debris, etc. (please empty bag into large roll-off bin)
- NO FOOD OR CONSTRUCTION WASTE PLEASE!

**DELIVER TO MAMMOTH DISPOSAL TRANSFER STATION:**

- METAL OBJECTS: All TV's, electronics and refrigerators
- HAZARDOUS ITEMS: All hazardous material (paint, oil, chemicals, etc.)
- FOOD WASTE
- YARD WASTE: Pine cones, needles, grass clippings, leaf debris, etc.
- TREE LIMBS: All tree limbs less than 12" in diameter. The USFS and MLFD will recycle these materials FREE of charge on this day.

Please do not leave bags on the side of the road. These items WILL NOT be collected by Town staff or Mammoth Disposal. Please deliver these items to the Town Clean-Up Day Stations conveniently located throughout Town, or directly to the Mammoth Disposal Transfer Station free of charge on Saturday, May 17, 2014.

The Town encourages property owners, renters, community groups, local non-profit organizations, and homeowner associations to purchase trash bags, engage their constituents and pitch in to clean-up their neighborhood.

Town Clean-Up Day is proudly supported by the Town of Mammoth Lakes, Mono County Mammoth Disposal, Mammoth Unified School District, United States Forest Service, Mammoth Lakes Fire District, Sierra Conservation Project, Mammoth Mountain Ski Area, The SHEET and the Mammoth Times.

For additional information on Town Clean-Up Day, or to arrange for collection of abandoned vehicles, please contact Peter Roman at (760) 934-8989 ext. 244.

The Town thanks you in advance for taking pride in your community and we'll see you on Saturday, May 17 for Town Clean-Up Day!

**Town Channel 51 Has Moved!**

The Town's dedicated channel, TV 51 has moved to Channel 18. The move was necessitated by Suddenlink and their local programming needs. TV Channel 18 will still continue to provide access to all the Town's meetings with live and taped coverage of Town Council, and advisory body meetings such as the Planning and Economic Development Commission and Recreation Commission. For meeting dates and times, please visit: [www.townofmammothlakes.ca.gov](http://www.townofmammothlakes.ca.gov).

**Projected Average Resort Occupancy**

Friday, May 9, 2014 = 27%

Saturday, May 10, 2014 = 32%

(24% same weekend in 2013, up in 2014)

- Sunday, May 11, 2014 = 20%
- Monday, May 12, 2014 = 19%
- Tuesday, May 13, 2014 = 19%
- Wednesday, May 14, 2014 = 19%
- Thursday, May 15, 2014 = 19%

(14% same midweek in 2013, up in 2014)

Hotels/Motels/B&B:

- Friday-Saturday = 36%
- Sunday-Thursday = 22%

Condos:

- Friday-Saturday = 13%
- Sunday-Thursday = 12%

Please remember that the projected occupancy is calculated in order to assist the business community with staffing levels and product ordering. The actual occupancy percentages are reported from the lodging industry to the Town of Mammoth Lakes Finance Department

### **U.S. Forest Service joins Cal Fire for 2014 Wildfire Awareness Week**

The U.S. Forest Service and other federal agencies will be joining Cal Fire for a series of events around the state this week to celebrate Wildfire Awareness Week. With drought conditions affecting large parts of the state, including California's 18 national forests, an active fire season is expected.

Monday afternoon, Randy Moore, Regional Forester for the Pacific Southwest Region, will be joining Governor Brown, California Secretary for Natural Resources John Laird, and Cal Fire Chief Ken Pimlott for the Wildfire Awareness Week kick-off event at McClellan Airpark in Sacramento. U.S. Secretary of the Interior Sally Jewell is expected to join the Wildfire Awareness Week tour at a stop in San Diego on Tuesday.

The 2014 California wildfire season has gotten off to a busy start. The Etiwanda Fire began Wednesday on the San Bernardino National Forest in Southern California and has burned 2,190 acres. The fire is currently 94% contained with full containment expected soon. Firefighters from the U.S. Forest Service and other departments have successfully kept numerous other wildfire starts from growing larger in recent days.

Saturday, May 3 was National Wildfire Preparedness Day sponsored by Firewise and the Fire Adapted Communities Network. U.S. Forest Service personnel joined local Fire Safe Councils and other groups at several events in forest communities across California. For more information on how to make your home and community adapted to wildfire, visit: [www.fireadapted.org](http://www.fireadapted.org).

For online campfire permits and other fire prevention information, visit the California Wildfire Coordinating Group's wildfire prevention website at: [www.preventwildfireca.org](http://www.preventwildfireca.org). Available at the same site is information on the award-winning "One Less Spark, One Less Wildfire" campaign. This interagency effort is designed to raise awareness about human-caused fires. Human-caused wildfires, particularly those related to vehicles, are a leading cause of wildfires in California.

### **Inyo National Forest Announces the Opening of Personal use Fuelwood Season**

Fuelwood permits go on sale at Ranger Stations and Visitor Centers beginning Monday, April 28th. Maps showing areas open to cutting are available with a purchased fuelwood permit. Fuelwood permits are still \$15.00 per cord with a two cord minimum purchase. The forest instituted the Point of Sale System (POSS) in 2013 that allows permittees to use credit cards to purchase fuelwood permits.

Fuelwood permits, as well as information about current conditions and accessibility to the fuelwood collection sites, may be obtained at the following locations:

- Mono Basin Scenic Area Visitor Center in Lee Vining, (760) 647-3044
- Mammoth Lakes Welcome Center in Mammoth Lakes, (760) 924-5500
- White Mountain Ranger Station in Bishop, (760) 873-2500

Fuelwood permits can be purchased at Mammoth and Mono Basin locations between the hours of 8:00 am -11:30 am and noon - 4:30 pm and at the White Mountain Ranger Station between 8:00am - 12:00 noon and 1:00 pm - 5:00 pm. Permits initially will not be available at the InterAgency Visitor Center in Lone Pine.

Firewood can be found at Antelope, Dry Creek, Hartley, Oh! Ridge and Reversed Peak Forest Management Areas as designated on the fuelwood map. Other areas may be opened later this season.

The special fuelwood collection area along Highway 203 between the Mammoth Scenic Loop and Chair 4 has been closed to gathering. The available fuelwood has been collected.

The Inyo National Forest will institute shut down days (for chainsaw use) based upon the daily Project Activity Level. Permit holders can call (760) 873-2555 for information on activity levels.

### **Reconstruction of Rock Creek Road Underway**

Major reconstruction on the Rock Creek Road has started and is planned for the duration of the 2014 and 2015 seasons.

Survey work, fencing, and erosion work have been completed thus far with minimal delays. Ground breaking activities that will reduce traffic flow to one-lane are expected to start the week of May 12 and will begin the longer (up to 30 minute) delays.

The Federal Highway Administration (FHWA) is overseeing the project that will improve the road, widen it, and provide a bicycle lane along a nine-mile stretch between the Rock Creek Pack Station and Crowley Lake Drive.

This year, re-building of utilities and culverts is planned. Additionally, the reconstruction will begin along the upper part of the project (near the Rock Creek Pack Station).

While the road will remain open to traffic throughout the project, visitors may experience delays of up to 30 minutes. Additionally, at certain times, the road may need to be closed for longer periods of time, Monday through Friday. These closures will be planned approximately two weeks in advance so that recreationalists can plan their visit.

Parking will be extremely limited in the canyon and prohibited within the active construction zone. This includes trailhead parking areas for the Hilton Lake trailhead. Please carpool if possible. When roadside parking, ensure that your vehicle is entirely off pavement. Construction will be suspended for Memorial Day weekend, the Independence Day holiday, and Labor Day weekend in order to minimize delays.

### **Celebrate International Migratory Bird Day – May 10**

Celebrate International Migratory Bird Day with Friends of the Inyo at Convict Lake on Saturday, May 10, 2014. Help us kick off the season with a walk to discover birds around the lake and a volunteer project to help clean up the area as the busy fishing season begins. Bird walk begins at 8:00 a.m.; Clean-up project starts at 10:00 a.m. More information is available at [friendsoftheinyo.org](http://friendsoftheinyo.org) or by calling (760) 873-6500.

### **Chamber Music Unbound Presents "Memory" – May 10**

On Saturday, May 10, from 7:30 p.m. at St. Joseph's Church, Chamber Music Unbound presents The Felici Piano Trio and the Eastern Sierra Chamber Orchestra, Daniel Allcott, guest conductor, in a concert entitled, "Memory". With music by Wieniawski, Bruch, Schubert (his "Unfinished" Symphony) and Johann Strauss. Tickets (\$20 Adult, \$15 Senior, \$7 Student) are available online ([www.ChamberMusicUnbound.org](http://www.ChamberMusicUnbound.org)), at the Booky Joint, the Inyo Council for the Arts, or at the door on concert nights.

### **Great Soccer Starts Here! – Register May 13**

Register for Mammoth AYSO fall soccer at the Mammoth High School MPR on **Tuesday, May 13, 2014** from 4:00 – 7:00 p.m. AYSO is fun, safe, affordable, with trained coaches, and memories that will last a lifetime! Register your player or yourself as a volunteer parent, coach or referee. We need your Help! The cost is only \$70 per child, or \$60 for the 2<sup>nd</sup> or \$50 for the 3<sup>rd</sup> child. Fees include a new Challenger Sports uniform, team photo, great coaching, tournaments and awards! Age Divisions: U5 & U6 Coed / U8 / U10 / U12 / U15 & U19. For complete registration information, call RC Stu Need at (760) 709-6756, email: [Mammothayso@gmail.com](mailto:Mammothayso@gmail.com) or visit [www.Mammothayso.com](http://www.Mammothayso.com).

### **MYFL Football & Cheer Sign-ups - May 16**

MYFL football and Cheer sign-ups are scheduled on May 16th at the ML Library from 3:00 – 6:00 pm. Please bring an original birth certificate and a \$75 registration fee (includes physical). Visit [www.mammothyouthfootball.org](http://www.mammothyouthfootball.org) for more info or call (619) 851-8288.

## **Short Canyon Exploration – May 17**

Join Friends of the Inyo in exploring an incredible canyon leading in the Owens Peak Wilderness on the southern edge of the Sierra Nevada on Saturday, May 17. Just outside of Ridgecrest and Inyokern, this canyon represents a true blend of where the desert ecosystems meet the mountains. This will be a moderate to strenuous walk, and participants should be prepared with sunscreen, sturdy footwear, and a lunch. For more info and to RSVP, visit [friendsofthinyo.org](http://friendsofthinyo.org) or call (760) 873-6500. Participation is limited, so please call to reserve your space.

## **Sierra Club Activities in May**

**Sunday May 11:** Hike to Walker Lake; Moderate, 8mile route, 500 ft. gain, possible car shuttle. Dogs ok. Meet 8am ML Union Bank. Info Brigitte [jungberman@mac.com](mailto:jungberman@mac.com).

**Sunday May 18:** Destination TBD. Meet at Mammoth Lakes Union Bank parking lot at 10am. Info Mary K [mkp@npgcable.com](mailto:mkp@npgcable.com)

**Tuesday May 20:** Join us at the SNARL lecture series in the Green Church at 7:00 p.m. to hear Chris Smallcomb, from the National Weather Service, Reno, NV speak on the "Extreme Weather and Drought of 2013."

**Sunday May 25:** Destination TBD. Meet at Mammoth Lakes Union Bank parking lot at 10am. Info Mary K [mkp@npgcable.com](mailto:mkp@npgcable.com)

**Field Trip, May 27, 28 and 29.** Central Nevada including Berlin Ichtyosaurus State Park, Buffalo Middle Miocene Plant Fossil collecting, New Pass mine tour, Bull Canyon Middle Triassic ammonite fossil collecting. Camp at New Pass Mine or stay in nearby motel. Contact Brigitte for arrangements. [jungberman@mac.com](mailto:jungberman@mac.com)

## **Mono County Free Library Hosts a Book-to-Action Community Read Program**

The Book-to-Action program is a variation on the traditional library book group—it offers participants not only the opportunity to collectively read and discuss a book and meet a book author, but also to put their newfound knowledge into action by engaging in a community service project or activity related to the book's topic. Book-to-Action is a project of the California State Library in partnership with the California Center for the Book. The project was supported in whole or in part by the U.S. Institute of Museum and Library Services under the provisions of the Library Services and Technology Act, administered in California by the State Librarian.

**About the Book:** Between 1934 and 1941, the City of Los Angeles sent 2,000 men to work on aqueducts and an 11-mile tunnel beneath volcanic craters in the Mono Lake Basin of the Eastern Sierra. **MONO** tells the story of fish biologist Justin Hearth, as he surveys the waters of the Mono Lake watershed and Alisa Stohler, whose family, has been forced from their land in Owens Valley, as they are caught up in the changes brought by Los Angeles' unending thirst for growth.

- **Programs/Dates, Mammoth Lakes. All events are FREE.**
  - Thursday, May 8, 5:30 pm-6:30 pm: Meet Author David Carle. Presentation & Discussion; books available! *Mammoth Lakes Library*
  - Wednesday, May 14, 4:30 pm-5:30 pm: Film Screening: *The Mono Lake Story*, "In 1941, LADWP began diverting Mono Lake's tributary streams... Unable to adapt, the ecosystem began to collapse". Followed by

Q&A with Emma Oschrin of the Mono Lake Committee, *Mammoth Lakes Library*

- Thursday, May 22, 5:30 pm: **Film Screening: Treading Water.** "If water is like gold.. then we are in for a rude shock when it can no longer be found" Water documentary, followed by Q&A with director Jesse Dizard, *Edison Theatre, 100 College Pkwy*
- Thursday, May 29, 5:30 pm: **MCWD Water Talk.** Snowpack, conservation, watershed? Nick Holt answers your water questions! *Mammoth Lakes Library*

- **Additional Events, Mono County**

- Tuesday, May 6, 1 pm: *Mono Lake, school enrichment program*, Benton Library/Edna Beaman School. Open to public.
- Wednesday, May 7: *Mono Lake, school enrichment program*, Coleville Library/School

**Visit our webpage for more**

**information:** <http://www.monocolibraries.org/programs/community-reads/133-book-to-action-2>

### **Desert Springs Trout Farm to Stock Trout in Mammoth Lakes this Year**

As fishing opener nears, the latest angling news in the Eastern Sierra is that the Town of Mammoth Lakes and Mammoth Lakes Tourism are working with Desert Springs Trout Farm for fish stocking in the Mammoth Lakes Basin for 2014.

"Conway Ranch's water issues are very unfortunate, but luckily we have found a solution for this year with Desert Springs," explained Mammoth Lakes Tourism Executive Director, John Urdi.

Desert Springs will provide at least 11,000 pounds of fish compared to the 7,600 pounds (nearly a 45 percent increase year over year) the Lakes Basin received last year, which means anglers will have an even greater opportunity to land a big one this summer.

"The fish that will be stocked in the Lakes Basin would be the same types of trout that Eastern Sierra anglers have caught in the past, from browns to rainbows, etc.," said David McFarland, partner of Desert Springs Trout Farm. The trout will also be the trophy-sized, 3-5 pounders to which Eastern Sierra anglers are accustomed.

"Not only will we continue to have frequent fish stocking, but in the Mammoth Lakes Basin we will have even more fish," Urdi continued. The extra fish are coming from a combination of Town of Mammoth Lakes and Mammoth Lakes Tourism funding.

The extra fish mean the lakes will continue to be stocked well into October ensuring great fishing opportunities through the end of the season on Nov. 15. Anglers visiting in the fall at the end of the season will have just as good of a shot to catch a huge fish as someone visiting earlier.

As always, anglers 16 years of age and older must have a fishing license. You can purchase an annual, one-day or two-day fishing license (valid for two consecutive calendar days). Information concerning license requirements, places to purchase and fees maybe obtained from the [Department of Fish & Wildlife](#) or by calling 760-934-2664. Fishing licenses may be purchased in several locations around the town of Mammoth Lakes.

## **Recreation Department Highlights**

---

### **Adult Softball Managers Meeting – May 22**

Get involved with this Parks and Recreation adult program this summer. There will be an Adult Softball managers meeting on Thursday, May 22, 2014 which will start promptly at 5:00 p.m. in the Town Offices. (Vons shopping center, above Giovanni's) Managers of the Co-ed and Men's teams should not miss out on this important meeting. For more information call John at (760) 934-8989 ext. 234.

### **Now Playing! Adult Indoor Soccer**

Now ongoing, the MHS gym will be open for adult drop-in soccer on Sunday nights. For \$4/person come get involved in pick-up games from 6:00 – 9:00 p.m.

### **"Little Sluggers" Instructional T-Ball – May 7**

This is a great chance to introduce your child to the wonderful sport of baseball. This program, for kids ages 2 - 5, will happen on Wednesday evenings from 5:15 – 6:00 p.m. (at the MES field) and is designed to teach the fundamentals of baseball in a clinic and mock-game setting. Early bird cost per child is \$35, which includes a shirt. After 5/2/2014 the price increases to \$42. Program is scheduled to begin on Wednesday, May 7, and will run through June 11. For more information call John C. at (760) 934-8989 x234. Volunteer parent helpers welcome. Sign up online at [www.mammothrecreation.com](http://www.mammothrecreation.com)

### **Lap Swimming at Whitmore Pool Begins May 19**

The 2014 swim season for Whitmore Pool will kick off with Lap Swim starting on Monday May 19, 2014 and run through Friday September 5, 2014. Lap Swim is offered five mornings a week, Monday through Friday from 6:30 - 8:30 am. Cost is \$4.75 for drop-in, season passes: \$130, or a 5-punch card for only \$22. Reduced senior (65+) rates are \$3 for drop-in and \$14 for 5-punch cards.

The Whitmore Pool opens to the public for recreation swimming and a FREE swim day on Saturday, June 21, 2014. Beginning on Monday, June 23, midweek transit service to the Whitmore Pool will commence. To celebrate this expanded service, a promotional 10-ride Punch Pass will be offered for only \$10 (\$2.00 round trip). Regular, one-way fee is \$3.00 for adults and only \$2.50 for children. For additional information please visit ESTA at [www.estransit.com](http://www.estransit.com) or call (760) 924-3184.

### **Open Gym Basketball with Will Bauman**

The MHS gym is open on Tuesdays, Wednesdays, and Thursdays from 7:00 – 9:00 p.m. for adult drop-in basketball. The cost is \$4/person, or buy a three night pass for \$10. High school students welcome, and open gym basketball will conclude on Wednesday, April 30, 2014.

### **Drama Workshops at the Community Center**

Need a little more drama in your life? Kevin Worden, in conjunction with Mammoth Lakes Parks and Recreation, is now offering Theatre Workshops for youth and adults at the Community Center. For over 30 years, Kevin has been an actor, director, choreographer, and acting coach. He has directed over 75 full-length plays and

Broadway musicals. Come join him on Monday's and Wednesdays for a great time building theatre skills in a welcoming and safe environment.

- Youth ages 7+ Mondays and Wednesdays, 3:30 – 5 p.m.
- Adults (and high school teens) Mondays and Wednesdays, 7:00 – 8:30 p.m.
- \$10/per class, or purchase a six-pass punch card for \$50.

### **Gymnastics/Tumbling Program**

Join Melissa (and Kari), our level 5 gymnastics coach here at the Mammoth Lakes Community Center for the following classes:

- \* 3 yr. olds                      Saturday: 8:30 - 9:15 a.m.
- \* 4-5 yr. olds                   Saturday: 9:15 - 10:00 a.m. & Tuesday: 5:00 – 5:45 p.m.
- \* 5-8 yr. olds                   Saturday: 10:00 - 11:00 a.m.
- \* 8-12+ yr. olds                Tuesday: 6:00 - 8:00 p.m. (invitation only)  
Friday: 4:30 - 6:00 p.m.  
Saturday: 11:00 a.m. - 12:15 p.m.

Five session punch card for \$60, drop-ins welcome at \$15 session. Want to try it out? Try your first session for free! Please call (760) 934-8989 x222 for more information or visit 'Mammoth Gymnastics' on Facebook.

### **Recreation Department Launches Online Registration**

In an effort to improve customer service and streamline operations, the Recreation Department – compliments of Measure R, has partnered with the Active Network to provide 24/7 web-based activity and facility reservations. To begin, visit us online at [www.mammothrecreation.com](http://www.mammothrecreation.com), click on the *Online Activity/Facility Reservations* tab and your first step is to "**Request Account.**" All you need is an email and password. The system will allow you to register online for an activity, reserve a facility or request Measure R equipment...it's fast and easy! Please drop by the office or call us at (760) 934-8989 ext. 222 if we can be of assistance to you.

### **Notify Me!**

Receive updates sent directly to your email or phone from the Town of Mammoth Lakes by subscribing to "Notify Me." Found on the left side of [www.ci.mammoth-lakes.ca.us](http://www.ci.mammoth-lakes.ca.us), stay current with Public Service Announcements, Emergency Alerts, Town e-News, Recreation This Week, No Burn Announcements, DNDP updates, bid postings, news flash, calendar items, and more! ## **Public Service Announcements**

### **Tis The Season for Hantavirus**

Although mice carry the hantavirus all year, this is the start of the season when humans typically begin activities that put them at risk of being exposed to the hantavirus. Spring cleaning activities, such as opening up closed buildings that have been unused overwinter, often provide habitats for deer mice and become sites for human exposure to the hantavirus. Although hantavirus infections are relatively rare, it is not unusual for us to have several cases per year in the Eastern Sierra. The risk

of death is significant. Individuals cleaning areas where the mice may be present are well advised to heed the recommendations below in order to avoid exposure.

Hantavirus is carried by certain species of rats and mice, and especially the deer mouse, pictured above. Infected rodents shed the virus in their urine, droppings, and saliva. The virus can be transmitted to people when infected mouse urine, saliva, droppings, or nesting materials are stirred up, temporarily aerosolizing the virus, which can be breathed in by humans.

We recommend the following precautions:

- seal openings that may allow mice to enter homes and workplaces
- remove brush, woodpiles, trash, and other items that may attract mice
- tightly close garbage cans, pet food containers, and other food sources
- wear protective gloves to handle dead mice or to clean up nesting areas, urine, or droppings
- before cleaning up nests or droppings found inside, open windows and doors to ventilate the area for at least 30 minutes
- do not stir up nests by sweeping or vacuuming. Dampen areas before clean-up
- use a disinfectant or 1-to-10 bleach-water mixture to clean up dead rodents, nests, urine, and droppings

Early symptoms of hantavirus infection include fatigue, fever, and muscle aches. These symptoms may be accompanied by headaches, dizziness, chills, nausea, vomiting, diarrhea, and abdominal pain. Later symptoms include coughing and shortness of breath. If hantavirus is suspected, people should contact their health care provider immediately. Remember, infections with hantavirus may feel like the "flu"; however, it is no longer flu season!

For more information, including an interactive map showing Mono and Inyo County specific information, go to: <http://www.cdph.ca.gov/HealthInfo/discond/Pages/HantavirusPulmonarySyndrome.aspx>

### **Limited Funding Now Available to Replace Wood Stoves in Mammoth Lakes**

Property owners in the Town of Mammoth Lakes who would like to replace old wood stoves with more efficient and cleaner heating systems may now qualify for up to \$2,000 toward the cost of the new heating system.

To qualify for replacement costs, the existing wood-burning system (wood stove or open fireplace) must be a building's primary heat source, it must be located within Town limits, and it must fall into one of two qualifying categories:

- 1) For homes or buildings purchased in 1990 or earlier,\* and still relying on pre-1990 wood burning systems, \$1,500 may be available toward the cost of a new EPA Phase II-certified wood burning stove or fireplace, or \$2,000 toward the cost of a new EPA certified pellet stove or gas heating system. Documented proof of property purchase date is required.
- 2) For wood stove models currently being used that are newer than 1990 (EPA Phase I or II-certified), \$2,000 may be available toward replacement costs for a new, cleaner burning pellet stove or gas heating system. This applies to replacing post-1990 wood stoves with pellet or gas (propane and kerosene) systems only.

*\*Properties that were purchased or changed ownership after 1990, and not upgraded to EPA certified heating systems (Phase I or Phase II) as required by Town Municipal Code 8.30, do not qualify for funding under this program.*

All old stoves replaced through this program must be freely relinquished to the participating stove retailer or installer at the time of the new system's installation, and program funding will be paid to participating retailers only. No exceptions to these requirements will be granted.

Funding is limited and available for two months only - sooner if funds run out - through a 'first come, first served' basis. All interested Mammoth Lakes property owners are encouraged to immediately contact one of the local participating retailers serving Mammoth Lakes: Alpine Stove & Mercantile; Angelo's Stove & Chimney, Clean Sweep; High Country Lumber; and Batchelder Enterprises for kerosene heating systems.

For more information about qualification requirements, contact the Clean Air Projects Program, at 760.914.0388 or email [capp@gbuapcd.org](mailto:capp@gbuapcd.org)

This program is funded through a CAPP block grant awarded to the Town of Mammoth Lakes from the Great Basin Unified Air Pollution Control District and Los Angeles Department of Water and Power. <http://capp.gbuapcd.org>

### **Sierra Conservation Project and Town of Mammoth Lakes Partner to Expand Condominium and Business Recycling Program**

The Sierra Conservation Project, Inc. (SCP) and Town of Mammoth Lakes are pleased to announce the expansion of the current condominium, commercial and recreational area recycling programs in the Town of Mammoth Lakes.

"This long-standing and successful partnership between the Sierra Conservation Project and the Town enabled us to submit and receive a substantial \$108,000 CalRecycle grant to expand on-going recycling programs within the community that benefits our residents, visitors and wildlife," stated Peter Bernasconi, Acting Public Works Director for the Town of Mammoth Lakes.

The Sierra Conservation Project is working in partnership with the Town of Mammoth Lakes and the Department of Resources Recycling and Recovery (CalRecycle) to provide an additional 30 bear proof containers to the remaining Condominium complexes in town that currently don't have a recycling program in place. In addition, CalRecycle grant funds will enable SCP to upgrade all commercial bear proof containers at restaurants, bars and other business locations in town, including the enhancement and placement of recycling infrastructure in the Lakes Basin and at key park locations in Mammoth Lakes, such as the Whitmore Recreation Area and Shady Rest Park.

Recyclable materials make up a large percentage of the waste produced in our residential complexes and businesses," stated Brian Robinette, owner of SCP. "These community-based programs aim to divert recyclable materials from our local landfill, while also educate our residents and visitors on the need for convenient recycling programs. We are confident that by providing start-up infrastructure for these complexes and businesses it will help make program implementation affordable and reduce the environmental impacts of each resident and guest," said Robinette.

To register for the Condominium Recycling Program, please visit [www.recyclesierra.com](http://www.recyclesierra.com) or [www.Townofmammothlakes.ca.gov](http://www.Townofmammothlakes.ca.gov).

For additional information on the **Condominium and Business Recycling Program**, please contact Sierra Conservation Project at (760) 914 0115 or e-mail [Brian@recyclesierra.com](mailto:Brian@recyclesierra.com).

### **Protect Your Children... Child Seats Save Lives!**

California Highway Patrol Bridgeport Area officers participated in the Health and Safety Fair's held in Lee Vining and Bridgeport, California today. Between the two locations, the officers checked five child safety seats. During child safety seat checks, officers make sure the seat is installed properly, is the appropriate size for the child, is free of defects and has not been recalled. The California Highway Patrol receives specialized training and funding for this program through a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration. The goal is to reduce the number of fatalities and injuries in collisions in which victims did not use, or improperly used their vehicle occupant restraint systems.

Many people are unaware of the recent child seat safety laws. Current California law states each child SHALL be properly restrained in a child safety seat, booster seat or other restraint system in the back seat, until the child is 8 years old OR at least 4 foot 9 inches in height.

Exceptions are:

- There is no rear seat.
- The rear seats are side-facing jump seats.
- The child passenger restraint system (CPRS) cannot be installed properly in the rear seat.
- All rear seats are already occupied by children under the age of 12 years.
- Medical reasons require that the child not ride in the rear seat. The court may require satisfactory proof of the child's medical condition.

Additionally, the law states that a child may not ride in the front seat of a motor vehicle with an active passenger air bag if the child is: under one year of age, weighs less than 20 pounds, or is riding rear-facing in a CPRS. Refer to: [www.chp.ca.gov](http://www.chp.ca.gov) or contact your local California Highway Patrol (CHP) office for more information and/or assistance with the installation of your child safety seat.

### **Would You Leave A Loaded Gun on the Floor?**

If you have children in your home, hopefully you would not! However, a new threat to the health of our children is emerging. These are e-liquids, sold legally in stores and online in small bottles that may be carelessly and casually left around the house, used for the regular re-filling of e-cigarettes.

The danger is from the nicotine content in these vials of "juice". Children can happen upon a vial and ingest it. These fluids come in flavors and bright colors that are attractive for kids – cotton candy, cherry, chocolate, and bubble gum among others. In addition, nicotine is absorbed through the skin, presenting a risk from a broken vial.

Electronic cigarettes, called e-cigarettes, are drug delivery devices originally designed to look like regular tobacco cigarettes. Now they are larger reusable gadgets that can be refilled with liquid, generally a mixture of nicotine, flavorings,

and solvents. It is estimated that roughly four million Americans use these battery powered devices. They have been hailed by proponents as a way for addicted smokers to get their nicotine fix without sucking in the thousands of carcinogens found in traditional cigarettes.

However, the evidence of their effectiveness in assisting persons in weaning off their nicotine addiction is less than stellar. In addition, evidence is rapidly mounting that they are serving as a "gateway" for young teens into the world of nicotine addiction. A recent study found nearly 1.8 million youth had tried e-cigarettes, and the number of middle and high school e-smokers doubled in one year. No wonder the industry targets the young who will be potential customers for decades to come! Their goal – to have the number of e-smokers quadruple in the next few years.

So how bad is the risk of exposure? Nicotine is a naturally occurring powerful neurotoxin, and in its potent liquid form, can be ingested or absorbed through the skin. Tiny amounts can cause vomiting, seizures, and even death. A teaspoon of even the highly diluted liquid can kill a small child.

A dose of 50 to 60 milligrams (mg) is potentially fatal for an adult; a 30 pound child could die from 1.36 mg. A vial of e-juice as commonly sold in retail stores is 17 milliliters, and with a 2.4% concentration would have 408 mg of nicotine. This year it is estimated that 1 to 2 million LITERS of liquid will be sold, much of it on the Internet. A liter of 10% concentration costs about \$110, a gallon \$195, and one company even offers a 55 gallon drum!

Nationwide, reports of accidental poisonings linked to e-liquids in 2013 jumped 300% from 2012, and is on pace to double again this year. Most cases are under the age of 4. A shop owner says that "We tell them that this stuff is poisonous. We do everything we can to protect the consumers, but at the end of the day, you leave a loaded gun on the floor, and your child gets hold of it, it's not gonna be the gunmaker's responsibility." A CEO of e-cigarette franchises says "It's the wild, wild west right now." There is no FDA regulation so far. So at the moment, if you are a user, your child has to go no farther than your own home to find a lethal dose of poison. Be aware of the risks, and keep vials out of reach. You are responsible for the safety of your children.

### **Governor Brown Declares Drought State of Emergency**

With California facing water shortfalls in the driest year in recorded state history, Governor Edmund G. Brown Jr. today proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions.

"We can't make it rain, but we can be much better prepared for the terrible consequences that California's drought now threatens, including dramatically less water for our farms and communities and increased fires in both urban and rural areas," said Governor Brown. "I've declared this emergency and I'm calling all Californians to conserve water in every way possible."

In the State of Emergency declaration, Governor Brown directed state officials to assist farmers and communities that are economically impacted by dry conditions and to ensure the state can respond if Californians face drinking water shortages. The Governor also directed state agencies to use less water and hire more firefighters and initiated a greatly expanded water conservation public awareness campaign (details at [saveourh2o.org](http://saveourh2o.org)).

In addition, the proclamation gives state water officials more flexibility to manage supply throughout California under drought conditions.

State water officials say that California's river and [reservoirs](#) are below their record lows. Manual and electronic readings record the snowpack's statewide water content at about 20 percent of normal average for this time of year.

The Governor's drought State of Emergency follows a series of actions the administration has taken to ensure that California is prepared for record dry conditions. In May 2013, Governor Brown issued an [Executive Order](#) to direct state water officials to expedite the review and processing of voluntary transfers of water and water rights. In December, the Governor formed a [Drought Task Force](#) to review expected water allocations, California's preparedness for water scarcity and whether conditions merit a drought declaration. Earlier this week, the Governor toured the Central Valley and spoke with growers and others impacted by California's record dry conditions.

### **Town Administration Offices Closed to the Public On Friday**

The Town of Mammoth Lakes Administrative Offices located on the second floor of the Minaret Village Mall will be closed to the public every Friday. Appointments with staff are available on Fridays by reservation only, for the submittal of plans, permits, payments, etc. so please plan ahead accordingly. There will be no changes to the daily operations of the Mammoth Lakes Police Department, Mammoth Yosemite Airport or the Public Works Department.

This office closure is an initiative to enhance the productivity and efficiency of employees. Town Council established Priorities for Fiscal Year 2013/14 that included the provision to provide sufficient resources and support to Town staff to effectively do their work. Goals of effective management include: commitment to increase IT funding, support additional funding for the replacement of the finance system, fund sufficient staffing in the Town's departments that provide critical services (finance, Public safety), and to encourage an increase in productivity without reducing service levels.

The Town encourages our residents and visitors to purchase their Recreation products or reservations online at [www.mammothrecreation.com](http://www.mammothrecreation.com) or by calling (760) 934-8989 ext. 222 Monday through Thursday.

Transient Occupancy Tax (TOT) and TBID remitters are also able to pay their taxes conveniently online. Please copy and paste the following links in your internet browser for additional information or to create an account.

TOT: <http://www.townofmammothlakes.ca.gov/index.aspx?nid=201>

TBID: <http://www.townofmammothlakes.ca.gov/index.aspx?nid=550>

For additional information regarding the Friday office closure beginning January 3, 2014, or to make an appointment with staff, please call (760) 934-8989 and follow the prompts.

### **Town Amends Mammoth Lakes Municipal Code Regarding Woodstove Inserts**

On March 20, 2013, Town Council adopted a resolution amending the Town ordinance establishing standards for new and reconstructed woodstove inserts. Over the last several decades, large numbers of open fireplaces in town have been modified by the installation of woodstove inserts. However, neither the Town nor the

fire district nor the woodstove insert manufacturers have had clear and consistent standard governing how the inserts must be installed. The result has been installations that have been demonstrated to be unsafe by a number of fires occurring around woodstove inserts in town.

The fire district and Town staff jointly developed installation standards for woodstove inserts, which are contained in the new ordinance. The ordinance also contains a list of approved woodstove insert manufacturers, but allows contractors and homeowners to request the building official to add other manufacturers.

The amended ordinance would require all new woodstove insert installations to meet the new standards. Recognizing that reconstruction of existing woodstove insert installations can cost several thousand dollars, the ordinance does not require immediate removal and reconstruction of existing inserts. Instead, the ordinance requires nonconforming inserts to be removed or reconstructed upon sale of the residential unit, or by October 31, 2022 if no sale of a particular unit has occurred before then.

Because the woodstove insert installation standards constitute a local amendment to the requirements of the California Mechanical Code, the ordinance includes the specific findings necessary for such local amendments. The findings acknowledge that the unique climatic, geological, and topographical conditions in Mammoth require these amendments. Please contact Town of Mammoth Acting Public Works Director Peter Bernasconi at (760) 934-8989 ext. 232 for additional information.

### **Mammoth Lakes Police Department Implementing Reserve & Volunteer Program**

In an effort to off-set some of the impact resulting from the loss of 7 sworn officers, the Mammoth Lakes Police Department has been moving forward on developing Reserve and Volunteer Programs, and evaluating various forms of technology to help make the MLPD more efficient and effective. The following are some of the programs the MLPD is moving forward on:

#### RESERVE OFFICER PROGRAM

On February 6, the Town Council approved the establishment of pay scales for Reserve Officers. The pay will be:

- Level 1 Reserve - \$25/hour
- Level 2 Reserve - \$23/hour
- Level 3 Reserve - \$20/hour

Providing pay for Reserve Officers will make the MLPD competitive with other local agencies that have reserve programs and serve as a recruitment and retention tool.

Anyone interested in learning more about the MLPD Reserve Program should contact Sergeant Marc Moscovitz at (760) 934-2011.

#### VOLUNTEER PROGRAM

Many police departments benefit from active volunteer programs where trained volunteers assist police personnel by staffing front counters, completing reports, and providing community patrols. Retired Sergeant Karen Smart has agreed to manage the MLPD's volunteer program. At some time in the future, information will be released about the types of volunteer work available and the selection criteria.

Anyone interested in volunteering with the MLPD should be on the look-out for a news release announcing the start of the program.

## TECHNOLOGY

The MLPD is moving forward with technological advances on several fronts. They include:

- An on-line reporting system where certain crimes can be reported on-line.
- An on-line crime and traffic report purchase program where victims of crimes and parties in traffic collisions can purchase copies of reports on-line.
- Access to surveillance cameras at the North Village.
- Surveillance cameras at the Volcom Brothers Skatepark.

The MLPD is also exploring other technology that will make the Police Department more effective in addressing crime, the fear of crime, and quality of life issues.

### **Free, Real-Time Property Information Now Available!**

The Town of Mammoth Lakes and Mono County are proud to present ParcelViewer, the Town and County's official web-based property information system. This free, public, on-line service can be relied upon to provide convenient, accurate and up-to-date information, based on the official Assessor's data-base. Use ParcelViewer to view and print customized parcel information and maps, including:

- Zoning Information
- Property Addresses
- Complex Names/ Condo Unit Numbers
- Parcel Lines\*
- Valuation Data
- Acreage
- Aerial imagery of surrounding properties and more!

Visit Parcel Viewer today at <http://gis.mono.ca.gov/parcelviewer/>

### **Transient Occupancy Tax (TOT) Frequently Asked Questions**

Some of the most frequently asked questions about legal rentals and Transient Occupancy Tax (TOT) are:

#### **1. What is a transient rental?**

A transient rental is any unit that is occupied for the purpose of sleeping, lodging, or similar reasons for a period of 30 consecutive days or less in exchange for a fee or similar consideration.

#### **2. Can I rent my unit as a transient rental?**

Only some zones within the Town of Mammoth Lakes permit transient rentals. The following zones permit transient rentals:

- RMF-2 (Residential Multi-family 2)
- CL (Commercial Lodging)
- CG Commercial General)
- R (Resort, including master plan areas)
- SP (Specific Plan, including North Village and Clearwater)

This list is intended as a guide only. Although the above zones permit transient use generally, other regulations, such as those found in master plans, CC&Rs, or project conditions of approval may prohibit transient rental within a particular development. Generally, transient rental of single family homes is prohibited. A zoning map can be found on the Town's website.

**3. What is transient occupancy tax (TOT)?**

Transient occupancy tax, or TOT, is a 13% tax that is charged "for the privilege of occupancy of any transient occupancy facility." The tax is required to be paid to the operator of the transient occupancy facility at the time the rent is paid. It is the operator's responsibility to remit the TOT to the Town.

**4. Do I need to pay TOT?**

If you are renting your unit as a transient rental, even if it is only for one weekend a year, you need to pay TOT. This includes single family homes and other units that are not permitted to rent nightly, but may be doing so illegally. TOT shall be remitted for each night the unit is rented.

**5. Do I need a business tax certificate?**

Yes, if you are renting your unit on a transient basis.

**6. Do I need a transient occupancy tax certificate?**

Yes. You are required to purchase a transient occupancy certificate for each rental unit to post in your transient rental property. This is included as part of Schedule E or F in the business tax certificate application.

**7. What is the difference between a business tax certificate and a transient occupancy tax certificate?**

Business tax is an annual tax and is required for all business activity. The transient occupancy tax certificate is a one-time purchase that is non-transferable. This certificate is required to be posted in your transient rental unit.

**8. Do I need a business tax certificate if all of my rentals are handled through a reservation company?**

If all of your rentals are handled through a reservation company, most reservation companies will purchase the transient occupancy tax certificate and collect and remit the TOT to the Town. You may wish to check with your reservation company to confirm that this is being taken care of. If you rent your unit by owner in addition to renting with a property management company, you are also required to obtain a separate business tax certificate and transient occupancy tax certificate.

**9. How do I apply for a business tax certificate?**

The Town's website contains information regarding business tax certificates, including an application for a business tax certificate: <http://www.ci.mammoth-lakes.ca.us/index.aspx?NID=182>. Transient Rentals fall under schedule F for condominium rentals and schedule E for hotels,

motels, lodges, and campgrounds. This application can be mailed back to the Town, or submitted in person. The total cost for one unit is \$118.00 (\$65.00 application fee, \$5.00 planning review fee, \$25.00 fee to rent one unit, \$23.00 TOT certificate fee). Additional costs apply for additional units. Business tax certificates are required on or before the first day business commences; penalties will apply for late filings. If you have additional questions regarding this process please contact the Finance Department at (760) 934-8989 ext. 273.

#### **10. Do I have a business tax certificate?**

To find out if you have a valid business tax certificate on file, please contact the Finance Department at (760) 934-8989 ext. 273 or your property management company.

#### **11. What is illegal rental activity?**

Illegal rental activity is any rental activity that is not consistent with the Town's Zoning Ordinance, or any rental activity that is not compliant with the Transient Occupancy Tax Ordinance. This can include transient rental of units located in zones that prohibit transient rentals. It can also include transient rentals in a zone where it is permitted, but when the TOT is not remitted to the Town.

#### **12. How can I report illegal rental activity?**

If you suspect illegal rental activity, you may submit an anonymous tip via the Town's TOT hotline at (760) 934-8989 ext. 275 or on the Town's website via the Transient Occupancy Tax information page. Please include any information that you have that would substantiate the claim, along with the property address and owner's name if you have it. You may also email [tot@ci.mammoth-lakes.ca.us](mailto:tot@ci.mammoth-lakes.ca.us). Note that emails are not anonymous, however, staff will do its best to keep your information private.

#### **13. Questions & Anonymous TOT Hotline**

If you have questions about TOT enforcement, or if you would like to report suspicious activity or rental advertisements please contact our anonymous hotline. The Town will follow-up on any reports submitted. The Hot Line Number is (760) 934-8989 ext. 275 or email your information to: [TOT@ci.mammoth-lakes.ca.us](mailto:TOT@ci.mammoth-lakes.ca.us).

### **Register for CodeRED**

Residents of Mono County can register their cell phones to receive emergency CodeRED (reverse 911) alerts from Mono County. This is a county public service available to all Mono County residents so please tell your friends and neighbors in Mono County that they can register for this service. CodeRED announcements are for personal notification and will not replace CERT CAHAN notification. Here is how to sign register/sign up using the INTERNET:

1. Go to [monosheriff.org](http://monosheriff.org)
2. scroll down left side panel to CodeRED community notification system;
3. click on it and follow directions.

### **Town Outdoor Lighting Ordinance**

In 2003, the Town implemented an outdoor lighting ordinance to eliminate light pollution and preserve views of our starry skies. The outdoor lighting ordinance was adopted to encourage residents to administer a lighting system that not only promotes public safety and night-time ambiance but to maximize energy conservation. To eliminate glare and light trespass into neighboring properties and roadways, the outdoor lighting fixtures on your property should be shielded and re-directed to shine downward or changed out to a lower wattage. More information about responsible lighting can be found at [www.crlaction.org](http://www.crlaction.org).
