The Town of Mammoth Lakes Recreational Center has begun the process to plan, design, and construct Community Multi-Use Facilities at Mammoth Creek Park. The project includes three major components: a Multi-Use Facility, a complementary Community Center, and a playground with accessible components.

The Recreation Commission wants to hear how you want to play in the park, on the ice, at the RecZone and in the Community Center. With your help, we can create a Recreation Destination the entire community of Mammoth Lakes will actively enjoy, value, and ultimately be proud to call Peace Park.
