PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Community Center

Q2: What is your program or activity?

Cooking with the Public Works Director

Q3: Please describe your program or activity in detail.

The Public Works director is offering the unique opportunity to chat with him about Town activities while he shares his fabulous cooking skills and knowledge.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Weekends or evenings

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Quarterly

Q6: How long is the program or activity? (30, 60, 120 minutes)

120 minutes

Q7: What is the typical price or what should the program or activity cost to participate?

There will be a nominal charge to cover the cost of food ($10 per person)

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

There should be pre-registration with a cap of 15-20 participants.

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Refrigerator, stove, sink (triple) that complies with all health/local regulations, dishwasher/sanitizer, dishes for cooking and serving, and a space large enough for people to be able to observe the cooking and socialize. Possibly some a/v needs although a more intimate experience is preferred

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Depending on how the space is set up, wireless mics and a projector may be needed. Quality lighting.

Q11: How and where is the equipment stored? (how much space is required at the facility?)

The kitchen space should be large enough to accommodate equipment storage.

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Sufficient power and light for cooking, enough space for people to watch, some tables/chairs.

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

The Public Works director is eager to volunteer his time. Paid staff may be necessary for set-up, break-down and custodial. Additional volunteers could be recruited for prep work, food procurement, etc.
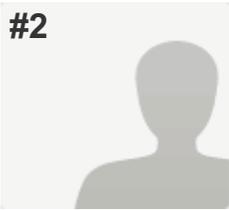

Q14: Other?

This is sure to be a popular program for a deserving community!

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

No vegans.

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Park and Accessible Playground

Q2: What is your program or activity?

Pickleball

Q3: Please describe your program or activity in detail.

Pickleball

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Anytime

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Anytime

Q6: How long is the program or activity? (30, 60, 120 minutes)

60 - 120 minutes

Q7: What is the typical price or what should the program or activity cost to participate?

None

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Minimum of 4 (doubles)

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Portable net. Players bring their own balls and paddles.

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

None

Q11: How and where is the equipment stored? (how much space is required at the facility?)

The net is kept in a three foot long bag, when not being used.

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

A pickleball court is 22 X 44 feet. However, four or five feet is needed on all sides of the court.

Q13: **What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)**

Players are the only ones needed to play pickleball. Staff or volunteers are not needed.

Q14: Other?

Respondent skipped this question

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Multi-Use Facility

Q2: What is your program or activity?

My program is to enjoy open space located near low impact facilities.

Q3: Please describe your program or activity in detail.

I enjoy open space by walking, skiing, biking and just sitting by the undisturbed riparian habitat. Low impact facilities do not disturb this program, they enhance by providing restrooms, parking and a small area to have the Music Unbound performances.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

all of the above.

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

for me, 3-4 times a week.

Q6: How long is the program or activity? (30, 60, 120 minutes)

120 min. +

Q7: What is the typical price or what should the program or activity cost to participate?

no cost to the participant.

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

1-100

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Temporary tent structure for the music program.

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

sound equipment

Q11: How and where is the equipment stored? (how much space is required at the facility?)

rental, no storage

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

a flat space

Q13: **What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)**

volunteers and Town staff to coordinate.

Q14: Other?

Respondent skipped this question

Q15: **Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.**

Do not urbanize our park.

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop

Community Center

Q2: What is your program or activity?

After Dance Hangout

Q3: Please describe your program or activity in detail.

An after dance hangout or party in the community center made so that kids or teenagers can have fun while not being in danger or using alcohol or drugs under aged.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

After every school dance, about the hours of 12-3 am.

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

About three times a year.

Q6: How long is the program or activity? (30, 60, 120 minutes)

About 3 hours

Q7: What is the typical price or what should the program or activity cost to participate?

$300 ($2-$5 per student)

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Students: 20-50; Chaperones: 3-5

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Music system, lighting, food, chairs, wifi

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Music system, wifi, lighting

Q11: How and where is the equipment stored? (how much space is required at the facility?)

Most of the equipment should already be built in. If not, in a storage nearby.

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Space, windows, chaperones, plastic light up dance floor.

Q13: **What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)**

Chaperones, adults,

Q14: **Other?**

For high school teenagers

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Multi-Use Facility

Q2: What is your program or activity?

Soccer in new recreation park

Q3: Please describe your program or activity in detail.

Have an indoor soccer league for adults/children. Maybe even combine them, since sometimes people play with parents. Maybe even have drop in soccer.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Weekend mornings and midweek nights

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Weekly

Q6: How long is the program or activity? (30, 60, 120 minutes)

2 hours

Q7: What is the typical price or what should the program or activity cost to participate?

Probably a fee for a season (10 games+$100)? Or drop in games for $5/game

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Usually the minimum with some subs

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Nets, balls

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Wifi for those looking at the game

Q11: How and where is the equipment stored? (how much space is required at the facility?)

Just where the ice rink is

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Scoreboard, Flooring (sports tile, wood?), nets

Q13: **What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)**

Town staff, references, volunteers

Q14: Other?　　　　　　　　　　　　　　　　　　*Respondent skipped this question*

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: **Please identify your programming workshop**   Multi-Use Facility

Q2: **What is your program or activity?**

Culinary stuff and things

Q3: **Please describe your program or activity in detail.**

We want to get food at the facility. There would be food carts/trucks, no permanent structures

Q4: **When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)**

During other programs, sports games, concerts, etc

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)   *Respondent skipped this question*

Q6: **How long is the program or activity? (30, 60, 120 minutes)**

The duration of the other programs

Q7: **What is the typical price or what should the program or activity cost to participate?**

Would have to charge vendors

Q8: **How many people typically participate or are required to participate in the program or activity (min./max.)**

We would do it during another event. Would just need local restaurants/vendors to participate

Q9: **What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)**

Extension cords for power, Possibly generators. Storage.

Q10: **What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)**

Power for ovens, grills, etc

Q11: **How and where is the equipment stored? (how much space is required at the facility?)**

Small amount of storage, vendors supply their own tents/trucks

Q12: **What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)**

Vendors would need power and space

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Community Center

Q2: What is your program or activity?

First 5 (924-7626)

Q3: Please describe your program or activity in detail.

Serves ages 0-5 and family in age-appropriate activities & development. Offer playgroups, parenting sessions, breastfeeding guidance.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Weekly- Peapod playgroups meet for 1 hour usually.
Breastfeeding group- weekly, whenever needed, casual

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

We have had a HARD time finding places in Mammoth that offer a receptive space for breastfeeding support area/groups.

Q6: How long is the program or activity? (30, 60, 120 minutes)

Usually 1 hour, unless informal gathering, then its up to the participants

Q7: What is the typical price or what should the program or activity cost to participate?

First 5 is free to participants, but we pay for all supplies used at playgroups

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Anywhere from 2-10+. Changes per season. Groups are not mandatory, its come as you can. This is why we meet in the park or current community center in the winter.

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

First 5 provides our own toys and supplies, but it would be nice to have a "community storage" for government organizations (first 5, IMACA, Headstart, Social Services, etc). Right now we haul toys back and forth each week. Picnic Table, playground equipment, shade.

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

None

Q11: How and where is the equipment stored? (how much space is required at the facility?)

See above

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Peapod playgroups meet in community room in winter and in grass in summer.
Breastfeeding groups-an indoor, private room, or shaded, protected outdoor area. Casual.

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

None, First 5 staffs groups. We just need a space to meet.

Q14: Other?

Exercise classes, volleyball, soccer, adult dance classes. Snowcreek is cost prohibitive for most people and current classes by town are kid-catered.

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

First 5 Suggestions: Year Round:
Playground-include musical items (fixed gongs, chimes, xylophones, etc)
Vertical climbing holds-fixed on outside fence or concrete wall about 5 ft. high
Art Tunnel- Free art space-unsupervised-kids can paint/spray graffiti art in concrete tunnel.
Sensory, texture, grass, wildflowers

Thanks! If its for the tourists too, can we have a locals price for classes/rentals? Prices for locals get jacked up because of tourists.

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Multi-Use Facility

Q2: What is your program or activity?

Weddings, private events, parties, public events, meetings for 100+ people.

Q3: Please describe your program or activity in detail.

100-300 people. Includes Food and Beverage, or Catering. DJ or band. Speakers/stage. Festivals (winter festivals). Restrooms. Tables/chairs/stage rentals.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Group meetings-all day
Weddings/private events-evenings
Community Festivals-weekends/days

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

2-10 per year

Q6: How long is the program or activity? (30, 60, 120 minutes)

2-6 hours plus set up time. Would require all day rental or block out.

Q7: What is the typical price or what should the program or activity cost to participate?

Full venue rental fee: $500-$2000 (includes all day wage)
Add ons: cleaning, sound system, stage erection/rental, kitchen use

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

20-300

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Most equipment needed can be rented

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Wifi, projection screens, speakers/surround system, outdoor speakers, privacy screen, podium, heaters

Q11: How and where is the equipment stored? (how much space is required at the facility?)

A lot of event supplies can be rented. But need to identify a basic cache of rentals available + housed at the MUF

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Caterers kitchen (not a full chefs kitchen), hardwood, high ceilings, outdoor lighting, deck.
Load in stage for rentals, truck/car/food truck access, dimmable lights, built-in stage, enclosed w/ openings/wall.

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

1 on site manager that knows the facility (contract)
1 facilities person

Q14: Other?

Community tile or hand print project to help fund it.
Naming the facility: Can we make that a public contest? (use FB and media)
Paint: Mural in the tunnel
Signage and way of finding Hayden Cabin

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

Lets make this a zero energy building
-solar power/thermal power
-recycling
-LED bulbs
-no carpet please!
-floor to ceiling windows or sliding glass doors
-plexiglass garage doors on view side that can open easily to create indoor/outdoor space
-deck
-firepit
-easy maintenance
-handsome! timeless architecture

*All user groups and vendors should name TOML as additional insurance

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Multi-Use Facility

---

Q2: What is your program or activity?

Summer events-everything from high end soirees w/ potted plants, astroturf, string "bistro lights" to day to day events. Trade show pavilion.

Q3: Please describe your program or activity in detail.   *Respondent skipped this question*

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

All opportunities

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)   *Respondent skipped this question*

Q6: How long is the program or activity? (30, 60, 120 minutes)   *Respondent skipped this question*

Q7: What is the typical price or what should the program or activity cost to participate?   *Respondent skipped this question*

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)   *Respondent skipped this question*

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Large screen or jumbotron would be great. Or, at least wired for future. Plumb for propane gas heaters (removable) with meters for billing individual events. Roll down wind and sun screen from roof.

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Ability to plug in string lights. Ceiling bright lights are good for hockey, but need string lights for special events. Jumbotron multiphase power for some big equipment.

Q11: How and where is the equipment stored? (how much space is required at the facility?)

Need to store rolled up astroturf and ability to roll out, roll it up easily, and sweep up after easily. Place to store folding, 6' high partitions/screens that could be used to visually separate small events/meetings/trade show components from each other.

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)   *Respondent skipped this question*

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

Respondent skipped this question

Q14: Other?

Concession area, for beer/wine as well as snacks. Not open all the time, but able to sell easily without getting one day liquor license.

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

Like the idea of some kind of matching arch or entry way for both MCPW and MCPE (that matches something for Sierra Meadows?)-Sean Turner

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Multi-Use Facility

Q2: What is your program or activity?

Hockey

Q3: Please describe your program or activity in detail.

Nights for kids, nights for adults, league and open play. Lessons, practice

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Evenings, year round

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Daily

Q6: How long is the program or activity? (30, 60, 120 minutes)

60 mins

Q7: What is the typical price or what should the program or activity cost to participate?

Single time rate, season pass

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

12 people, ideally 20-28

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

goals, pucks, boards

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

a cooler, scoreboard

Q11: How and where is the equipment stored? (how much space is required at the facility?)

4 locker rooms, 1 ref room

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)   *Respondent skipped this question*

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

Respondent skipped this question

Q14: Other?

Respondent skipped this question

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Multi-Use Facility

Q2: What is your program or activity?

Winter + Summer

Q3: Please describe your program or activity in detail.

Concessions/Vendors: ex. upscale food carte. Creperia/Gelatto

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Daily

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Daily

Q6: How long is the program or activity? (30, 60, 120 minutes)

11a-5pm

Q7: What is the typical price or what should the program or activity cost to participate?

$5-$12 each

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)   *Respondent skipped this question*

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Source out to exterior vendor

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

None

Q11: How and where is the equipment stored? (how much space is required at the facility?)

None, source out to exterior vendor

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

None, source out to exterior vendor

Q13: **What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)**

None, source out to exterior vendor

Q14: **Other?**

Envision small taco/push carts

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: **Please identify your programming workshop**

Multi-Use Facility

Q2: **What is your program or activity?**

Ice Hockey

Q3: **Please describe your program or activity in detail.**

Year round youth and adult ice hockey.

Q4: **When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)**

Hockey can be played any day of the week.

Q5: **How often would the program or activity take place? (daily, weekly, monthly, annually)**

Youth hockey 3 days a week
Adults three days a week

Q6: **How long is the program or activity? (30, 60, 120 minutes)**

Youth hockey: 2 practices, 1.5 hours a week per team and 2 games at 1.5 hours each.
Adult: 2 drop in sessions at 1.5 hours each, league night would be once a week at 1.5 hours per game
Tournaments would depend on the amount of ice time and participation

Q7: **What is the typical price or what should the program or activity cost to participate?**

Pickup/drop in $10-$15 youth and adults
Youth program would have to be in line with current costs and will depend on participation
Adult leagues are generally $15-$20 a player per games based on ten player rosters.

Q8: **How many people typically participate or are required to participate in the program or activity (min./max.)**

Hockey teams play five on five and usually contain 12-16 players
Pickup is whoever shows up and I would limit it to 20 players plus 2 goalies.

Q9: **What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)**

pucks, skate sharpener, zamboni, pads to divide the rink into 3 distinct playing areas/zones, NHL regulation size goals x4, shooter tutor x2, pond hockey nets x4

Q10: **What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)**

Wifi, tvs with direct tv and nhl package

Q11: **How and where is the equipment stored? (how much space is required at the facility?)**

all nets and pads can be stored in the corners of the rink for easy access

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

scoreboard with time, periods, and penalty clocks. rubber mats to be able to access every area in the facility on skates. Locker rooms x4, grand stands, a warm area for people to watch with glass for viewing, a snack bar with a beer and wine license, skate sharpener at the rental counter, outdoor skating pond with easy, skate safe access, to indoor rink, and two tier players benches

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

One person working the counter/snack bar. One zamboni driver who can sharpen skates and do general maintenance.
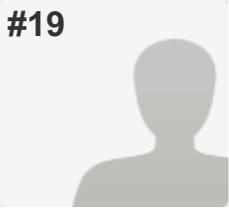

Q14: Other?

Retractable roof to keep that outdoor rink that everyone loves so much

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

Respondent skipped this question

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Multi-Use Facility

Q2: What is your program or activity?   *Respondent skipped this question*

Q3: Please describe your program or activity in detail.

Winter carnival
Skating events
Safety/Security
Stage
BBQ facilities that could be reserved/rented
Water Ways
Like the design with the rink headed east/west
Food trucks/events
Bus stop
Concerts
Accessibility-equal access required for social connections

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Wild west event/country concert
Caterers kitchen

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Exercise Classes

Q6: How long is the program or activity? (30, 60, 120 minutes)

Keep an open design to allow the area to hold large events

Q7: What is the typical price or what should the program or activity cost to participate?

The more popular the event, raise costs for reserving

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Usual mitigation, free flow design
Name= Mammoth Creek Park or Mammoth Creek Community Park

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Minimize outdoor storage or add it into design of buildings
Maximize space for public use/lighting
LED changing lights

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Respondent skipped this question

Q11: How and where is the equipment stored? (how much space is required at the facility?)

Try to use creative design to keep needed storage on site. Ideas for soundproofing. Allow vehicle access into ring site.

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Fire rings for socialization, fishing pier for accessible use at creek. Could be at sierra meadows also.

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

Need to be able to contain/secure facility after hours. Full lock out of parking, or there will be middle of the night police calls or vandalism

---

Q14: Other?

Design climbing walls to duplicate noise mitigation. Close off @ night

---

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

Use beams to reduce sound and allow viewing. Storage is a big issue.

Q1: Please identify your programming workshop   Park and Accessible Playground

Q2: What is your program or activity?

The safe way to play

Q3: Please describe your program or activity in detail.

Kids will build and test clay/block models to explain correct rules for place of the kids choice.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Midweek

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Weekly tuesday

Q6: How long is the program or activity? (30, 60, 120 minutes)

120 minutes

Q7: What is the typical price or what should the program or activity cost to participate?

$5

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

10 people

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Blocks and clay.

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Tablets

Q11: How and where is the equipment stored? (how much space is required at the facility?)

Very little

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Picnic tables

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

Volunteers

Q14: Other?

No

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

#22

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Multi-Use Facility

Q2: What is your program or activity?

Hockey

Q3: Please describe your program or activity in detail.

Ice Hockey, public skate, figure skating-ice skating lessons, hockey tournaments/camps, curling, broomball, private parties, dryland training area

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Every day-when time and weather allows

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Daily-needs to be consistent programming

Q6: How long is the program or activity? (30, 60, 120 minutes)

Hockey-90 mins
Figure ice skating-30-60 mins
Public-2 hour sessions

Q7: What is the typical price or what should the program or activity cost to participate?

Current hockey program 6, $200 for season was very reasonable
Public skate-local kids $2, visitors: kids $8 (includes skate rental)
$12 adults

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Hockey 24 (12 each team); or 8 (4 each team)

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Hockey scoreboard, public skate benches/tables, pucks, skate sharpener, zamboni, pads to divide the rink into 3 distinct playing areas/zones, NHL regulation size goals x4, shooter tutor x2, pond hockey nets x4, lines on the ice, concessions (beer/wine license?)-shared with community center, coin-op lockers, mini goals, Locker room

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Wifi, TVs w/ direct TV + NHL package, 46"

Q11: How and where is the equipment stored? (how much space is required at the facility?)

All nets and pads can be stored in the corners of the rink, zamboni shack, Skates and concessions in community center

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Hockey scoreboard, heaters, heated area to watch, warm room, rubber mats in entire facility, proper benches, full glass, water fountain with water bottle refilling, locker rooms (more square footage needed than current facility), separate men's and women's, netting for protection

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

Town staff to run: skate rentals, concession stand, entry fees, zamboni,
Volunteers to run: Coaching hockey program

Q14: Other?

Better entrance to capture all visitors to be sure they PAY! Must pass desk and skate rentals, everybody pays!

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

Youth hockey will grow with consistent ice and programming. 100-200 kids by 2019, more ice time!
Live rink status.
Shade for current rink that can be used for snoopy pond at new facility.

Q2: What is your program or activity?   *Respondent skipped this question*

Q3: Please describe your program or activity in detail.

Floor/Roller Hockey
Basketball
Game Night (horseshoes, cornhole, etc)
Farmer's Market/Trade Show
Movie Night
Fly Fishing Fair
Soccer
Lacrosse
Ice Hockey
Batting Cage
RC Race Track
Archery Range
Sport Court
Scooter park

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)   *Respondent skipped this question*

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Once or twice a week

Q6: How long is the program or activity? (30, 60, 120 minutes)

90 mins

Q7: What is the typical price or what should the program or activity cost to participate?

Free-$10

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Whoever shows up

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Ramps, balls, hay bails, hoops, screen, year round ice

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Same as winter

Q11: How and where is the equipment stored? (how much space is required at the facility?)

Side of rink zam-building

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Same as winter

2 employees min

Q14: Other?   *Respondent skipped this question*

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

Summer is hard as not many people want to go inside to play. Everyone is outside from dawn-dusk. Jim Lynch says hi.

#24

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Multi-Use Facility

Q2: What is your program or activity?

After school program

Q3: Please describe your program or activity in detail.

Facility to accommodate all ages of children with a variety of programming activities.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Mid-day-evenings

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Daily/weekdays or even weekly, every other day?

Q6: How long is the program or activity? (30, 60, 120 minutes)

120 mins +

Q7: What is the typical price or what should the program or activity cost to participate?

Affordable, possibly free at first?

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

No requirement

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Variety of equipment, kitchen partitions for privacy

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

All tech, possible video game competitions

Q11: How and where is the equipment stored? (how much space is required at the facility?)

On site

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Comfortable "hang out" area

Q13: **What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)**

Work with schools in promoting

Q14: Other?   *Respondent skipped this question*

Q15: **Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.**

Need to provide incentives to kids

#25

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop

Multi-Use Facility

Q2: What is your program or activity?

Ice rink-winter

Q3: Please describe your program or activity in detail.

1. High altitude figure skating training
2. Public skating/skating lessons

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

1. 7 days a week
2. 5-7 year olds: 2:30-3:30pm w/ roof! 8 years+ = 3pm+

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Whenever we have ice

Q6: How long is the program or activity? (30, 60, 120 minutes)

60 min blocks

Q7: What is the typical price or what should the program or activity cost to participate?

$20/hr per person

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

15-20 people on ice max

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

CD player for playing kids music (competition program)

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Stereo/speaker/MP3/CD Player/iPod+iPhone player

Q11: How and where is the equipment stored? (how much space is required at the facility?)

In office

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Ice, locker rooms for changing

Q13: **What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)**

1 person for making ice
Prior to freeskate session & after & plugging holes from jumping holes

Q14: **Other?**

Ice must be very hard/cold/firm!!! Mammoth is an excellent high altitude training location.
Ground must be checked for chilled/coldness because it is next to creek and we are in a volcanic region.

Q15: **Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.**

Think big!!!!!
Plan for an enclosed rink now!!!! Not just a roofed rink!!!!!

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Community Center

Q2: What is your program or activity?

Silks

Q3: Please describe your program or activity in detail.

Aerobic silk training (long silks hanging from ceiling beams). Combines yoga, aerobic exercise, etc.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

1 session mid-week and 1 session on the weekend to make sure everyone can attend.

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

2-3 times a week

Q6: How long is the program or activity? (30, 60, 120 minutes)

1-2 hours

Q7: What is the typical price or what should the program or activity cost to participate?

$10/session or create a punch pass. Could create a punch pass that is valid for multiple programs.

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

min 3, max 10

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

professional grade silks

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Lights

Q11: How and where is the equipment stored? (how much space is required at the facility?)

very minimal space required to store silks

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Soft flooring or soft mats that can be laid down temporarily. Mirrors, tall ceilings, strong support beams in ceilings.

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

Instructors from the community. Currently there are instructors using their own homes as well as space in Bishop and June Lake, so there is a demand.

Q14: Other?

By installing strong support beams in the ceiling, various activities/programs can occur. Additionally, by installing mirrors, many different exercise programs can occur: dance, yoga, pilates, zumba, etc.

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Community Center

Q2: What is your program or activity?

Work out machines

Q3: Please describe your program or activity in detail.

Weight training, free weights. Affordable work out facility for people who work 8a-5p and need early/late options.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Morning, evenings.

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

The weights would be accessible during set times on a weekly basis.

Q6: How long is the program or activity? (30, 60, 120 minutes)

2-3 hours

Q7: What is the typical price or what should the program or activity cost to participate?

Members could pay $20/month to have access to the weights at the given times.

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Individual basis.

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Free weights, jump ropes, inflatable balls

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Lights, music

Q11: How and where is the equipment stored? (how much space is required at the facility?)

The activity could take place in a corner with weights being locked in storage or a fenced section.

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Space, hard flooring, mirrors

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

1 staff member to observe

Q14: Other?   *Respondent skipped this question*

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.   *Respondent skipped this question*

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Community Center

Q2: What is your program or activity?

Adult table games/BBQ fun/movie nights

Q3: Please describe your program or activity in detail.

Tables games and hangout area for adults. Can incorporate the outdoor fire pit/BBQ area that was mentioned in the multi-use meeting into the program. Movie nights, just a space for young adults to hangout! Could do table game tournaments as well.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Mid-week evenings.

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Once every other week.

Q6: How long is the program or activity? (30, 60, 120 minutes)

2 hours

Q7: What is the typical price or what should the program or activity cost to participate?

Free but must provide food for grilling on own.

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

min 6, max 25

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

ping pong table, air hockey table, fooseball table, poker table, cards, tables, chairs, couches, board games

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Wifi, projector, TV/DVD, lights

Q11: How and where is the equipment stored? (how much space is required at the facility?)

15' x 15' storage space separate from rink storage

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

restrooms

Q13: **What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)**

1 town staff member or volunteer to oversee program/open building. Let adults self direct program.

Q14: Other?　　　　　　　　　　　　　　　　　　　*Respondent skipped this question*

#30

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop

Community Center

Q2: What is your program or activity?

Arts + Crafts- Kids and Adults

Q3: Please describe your program or activity in detail.

Garden art
Rotating themed, local art exhibits (? @ MACC?)
Public/local art installations/sculpture gardens. Tie in with ice rink + community center
View
Theater/rehersal space
Free kids summer art camp
Drop in art programs
Craft/practical DIY classes (handyman, winterizing home)

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

From 8am-10pmish in summer.
Youth-midday
Adults-evening
Weddings, special events-later

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Daily, weekly, monthly, annually
All varies by program
ex. Kids art camp 6 weeks, 3 days/week-free
Art + Wine (adult art) $45 each class

Q6: How long is the program or activity? (30, 60, 120 minutes)

60 min-hours +
depending on program
ex. art camp 2 hours, art + wine 3-4 hrs.

Q7: What is the typical price or what should the program or activity cost to participate?

Some free for community. Some materials fees. Depends on program. Art/wine $45/class.

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Ex. Art Camp: 20 kids/2 hr. class/session; min. 10 kids
Ex. Art + Wine 20-40

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Art studio w/ kiln, wet/dry room. Sinks!!!! Stage. Laminate floor, tables, chairs, art supply room, storage, projectors, screen, many outlets. Prep area for art w/ utility sink. Double doors to set our float out. Adequate lighting.

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Projectors, screen, wifi-see above

Q11: How and where is the equipment stored? (how much space is required at the facility?)

In the storage room-tables, chairs, equipment, etc, 10 x 15
Dedicated art supply room with shelves/double as changing area for theater. 20 x 15

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Electric kiln. Windows, lighting, tile/laminate (easy to clean), counter space (1 wall), cubbies underneath, look @ cerro coso

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

Teacher, aide (2), 1-2 volunteers

Q14: Other?

2nd floor for view, art above w/ view

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

Respondent skipped this question

#31

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Community Center

Q2: What is your program or activity?

Classes/clinics/seminars

Q3: Please describe your program or activity in detail.

Meeting space, adult education classes (language, cooking, spanish, CPR, EMT, 1st Aid, WFR, Backcountry travel, avalanche, clinics-fly fishing, bike clinics, rock climbing clinics)
Adult exercise classes (yoga, boot camp, zumba, fencing)
Games-chess, checkers, table games, etc

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Any day, evenings (exercise)-depends on the program

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Weekly-set schedule/month

Q6: How long is the program or activity? (30, 60, 120 minutes)

60+ mins

Q7: What is the typical price or what should the program or activity cost to participate?

Drop in rates (exercise) $4-$8
Create a punch pass for use of any class ("pay for 5, get 3 free")
Senior classes/some educational classes-FREE

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

3-20

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Desks? Chairs, podium for educational classes, sound system, weights, tables, yoga mats, projector, cooking equipment, table games (air hockey, fooseball, ping-pong)

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Projector, sound system, lights, computer to go with projector (or correct cables to allow anyone to connect their own computer)

Q11: How and where is the equipment stored? (how much space is required at the facility?)

15' x 15' storage room; separate from rink storage. Add additional storage room for tables/chairs

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Restrooms/changing rooms, mirrors, tall ceilings, flooring=mopable wood, windows that can open (big windows), shades for windows, classroom space, kitchen for staging kids camps, Kitchen classes, community cook outs. Dividers to hold multiple events.

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

Town staff/volunteers. Hire instructors, but also allow outside organizations to rent the space for courses, ex. NRE EMT, NOLS WFR

Q14: Other?

Affordable classes and exercise for the local community

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.   *Respondent skipped this question*

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Community Center

Q2: What is your program or activity?

After school programming

Q3: Please describe your program or activity in detail.

Structured activities, obstacle courses (movement, gross/fine motor skills), video gaming/coding/engineering, arts and crafts, career exploration, industrial arts, cooking classes, snow sculpting, video making/editing, sewing, gardening classes, volunteer opportunities, High school students (special needs children, homework help for younger grades)

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Weekdays 2:30-5:30, weekends, summer, school holidays, special workshops

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Daily, seasonal programming/rotating programs

Q6: How long is the program or activity? (30, 60, 120 minutes)

60-90 min. 120 min w/ break.

Q7: What is the typical price or what should the program or activity cost to participate?

Free (locals) to nominal fee

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

Depends on the class

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Electricity (outlets)
Kitchen
Robotics/arduino
Tables/chairs
Work benches
Closet space
Computers/wifi
TV/screen/videoing equipment
White boards

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Wi-fi
TV
Computer

Q11: How and where is the equipment stored? (how much space is required at the facility?)

Closets
Shelving
Bins
Rotating
Cubbies

Q12: What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)

Wood floors, concrete (difficult to clean seams)
Social Corner-carpeted-throw rugs
Easy to clean!
Sturdy

Q13: What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)

Teachers
Volunteers
Work with different user groups, ex. contractors-career exploration

Q14: Other?   *Respondent skipped this question*

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.

Not competing, but complementing other agency programs (Husky Club, Library, MAC)

PAGE 1: Please complete the following questions in as much detail as possible.

Q1: Please identify your programming workshop   Community Center

Q2: What is your program or activity?

Youtheater/Drama + Dance/Zumba etc

Q3: Please describe your program or activity in detail.

Summer and after school youth theater and drama programs. Not competing with MACC.
Exercise classes for adults-not competing with Snowcreek-complementary classes, affordable, punch passes.

Q4: When would the program or activity occur? (midweek, weekend, morning, mid-day, evenings)

Youth theater/drama- summer and after school
Exercise classes- 6 am early morning classes, more evenings and weekends, spring break week, presidents week, school holidays.

Q5: How often would the program or activity take place? (daily, weekly, monthly, annually)

Weekly, 2x a week.
Simultaneous classes-ex. Drama for kids in one room, while Zumba is in another.
Noise and sound issue with 2 classes at the same time
Depends on activity

Q6: How long is the program or activity? (30, 60, 120 minutes)

60 min-3 hrs

Q7: What is the typical price or what should the program or activity cost to participate?

Free-$200 per camp

Q8: How many people typically participate or are required to participate in the program or activity (min./max.)

20 at one time

Q9: What equipment is needed to offer the program or activity? (nets, balls, stage, podium, speakers, tables)

Stage 10'x20'

Q10: What technology is required to host the program or activity? (Wi-Fi, TV, projectors, lights)

Adequate lighting, sound, acoustics for instrumental rehersals. Projector for arts and crafts, wifi

Q11: How and where is the equipment stored? (how much space is required at the facility?)

Lockable storage "caddies" for art supplies. Rolling file storage. Shelving above on one wall with caddies below. Rolling is ideal.

65 / 66

Q12: **What are the facility requirements needed to provide the activity? (space, scoreboard, flooring, power, windows, mirrors, ceiling height, privacy, security, etc.)**

Ceiling height at least 12-15'

Q13: **What staffing or volunteer requirements are needed to provide the program or activity? (Town staff, volunteers, umpires, referees, etc.)**

Adequate staff, at least 2 on site.

Q14: Other?   *Respondent skipped this question*

Q15: Use the box below to include any additional comments or to further elaborate on any other programming and/or facility recommendations.   *Respondent skipped this question*
